3. "Conviction" means as defined in W.S. 31-7-102(a)(xi).

1. If there was at that time an alcohol concentration of five one-hundredths of one percent (0.05%) or less, it shall be presumed that the person was not under the influence of alcohol;
2. If there was at that time an alcohol concentration of more than five one-hundredths of one percent (0.05%) and less than eight one-hundredths of one percent (0.08%), that fact shall not give rise to any presumption that the person was or was not under the influence of alcohol, but it may be considered with other competent evidence in determining whether the person was under the influence of alcohol to a degree which renders him incapable of safely driving a motor vehicle.

D. Subsection C of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether the person was under the influence of alcohol, including tests obtained more than two (2) hours after the alleged violation. The fact that any person charged with a violation of subsection B of this section is or has been entitled to use the controlled substance under the laws of this state shall not constitute a defense against any charge under subsection B of this section.

E. Except as otherwise provided, a person convicted of violating this section shall be ordered to or shall receive a substance abuse assessment conducted by a substance abuse provider certified by the department of health pursuant to W.S. 9-2-2701(c) at or before sentencing. F. Any person convicted under this section or other law prohibiting driving while under the influence as defined in W.S. 31-5-233(a)(v) shall, in addition to the penalty imposed:

1. Have his driver's license suspended or revoked pursuant to W.S. 31-7-127 or 31-7-128. The court shall forward to the department a copy of the record pertaining to disposition of the arrest or citation;
2. For a first conviction where the department's administrative action indicates the person had an alcohol concentration of fifteen one-hundredths of one percent (0.15%) or more, operate only vehicles equipped with an ignition interlock device, pursuant to W.S. 31-7-401 through 31-7-404, for a period of six (6) months. For purposes of this paragraph, the department's administrative action shall be deemed to indicate a person had an alcohol concentration of fifteen one-hundredths of one percent (0.15%) or more only after the person is notified of and given the opportunity to pursue the administrative procedures provided by W.S. 31-7-105;

G. The court may, upon pronouncement of any jail sentence under subsection E of this section, provide in the sentence that the defendant may be permitted, if he is employed or enrolled in school and can continue his employment or education, to continue such employment or education for not more than the time necessary as certified by his employer or school administrator, and the remaining day, days or parts of days shall be spent in jail until the sentence is served. He shall be allowed out of jail only long enough to complete his actual hours of employment or education and a reasonable time to travel to and from his place of employment or school. Unless the defendant is indigent, the court shall require him as a condition of special treatment under this subsection to pay a reasonable amount for room and board as determined by the sheriff.

H. Any person charged under this chapter shall be prosecuted under this chapter and not under a reduced charge or dismissed unless the prosecuting attorney in open court moves or files a statement to reduce the charge or dismiss, with supporting facts, stating that there is insufficient evidence to sustain the charge.

I. Chemical analysis of a person's blood, breath or urine to determine alcohol concentration or controlled substance content shall be performed in accordance with W.S. 31-6-105(a).
