## Town Hosts Community Engagement Workshop Discussing Future of Snow King Mountain and Base Area

**Jackson, Wyo. January 17, 2018** – The Town of Jackson is hosting a facilitated discussion on the future of Snow King Mountain and the surrounding base area encompassing both public and private lands. The 2-hour interactive workshop will begin at 6:00 P.M. in the Grand View Lodge at Snow King Hotel on Monday, January 22, 2018.

All members of the community are invited to participate by sharing their opinions and interests associated with the Snow King Mountain Special Use Permit boundary and the properties at the base area. The public is also encouraged to suggest specific elements that they would like to see included in scenarios outlining possible future development at Snow King.

Information gathered during this initial community engagement workshop will then be utilized by a smaller stakeholder working group to develop several potential future scenarios for Snow King Mountain and the surrounding base area. Once the stakeholder group has developed a variety of different scenarios they will be presented to the community for review.

For additional information regarding the Snow King Mountain Stakeholder Group or the community engagement process on the future of Snow King Mountain Resort and the surrounding base area please visit [www.townofjackson.com](http://www.townofjackson.com) or call Tiffany Stolte with the Town of Jackson's Planning Department at 733-3932 ext. 1304.
