Town Seeks Community Input on Future of Snow King Mountain

Jackson, Wyo. January 10, 2018 – The Town of Jackson and Snow King Mountain Resort are forming a stakeholder work group to provide feedback regarding the future of Snow King Mountain Resort and the surrounding base area. This group will be tasked with developing several consensus-based scenarios ensuring that any future development, uses and polices reflect the needs of Snow King, the Town of Jackson, the US Forest Service and the residents of Jackson.

Up to 10 community members will be chosen to participate in the Snow King Mountain Stakeholder Group. The selection panel is seeking to fill these slots with community members representing a wide variety of diverse perspectives regarding the future of Snow King Mountain. In addition to the community members selected, the stakeholder group will be comprised of Town of Jackson / Teton County planning staff, Snow King Mountain Resort staff and Bridger Teton National Forest staff.

Those interested in participating in the stakeholder group would be expected to complete a brief application and commit to attending four group meetings which are anticipated to last six hours each. In addition to the stakeholder group meetings, two evening community meetings, open to all members of the public, have been scheduled in order to gather additional input on the future of Snow King Mountain Resort and to review the scenarios developed by the working group.

An application for the Snow King Mountain Stakeholder Group can be obtained by visiting the Town of Jackson's website at www.townofjackson.com or by emailing tstolte@jacksonwy.gov. The deadline for submitting an application is January 18, 2018 at 5:00 pm.

For additional information regarding the Snow King Mountain Stakeholder Group or the community engagement process on the future of Snow King Mountain Resort and the surrounding

base area please visit www.townofjackson.com or call Tiffany Stolte with the Town of Jackson's Planning Department at 733-3932 ext. 1304.
